The dropdown menu is open and displays the following options:

- Containerized - FCL / FTL
- Containerized - LCL / LTL
- Non-containerized
- Roll on/Roll off (RO-RO)
- Open top container
- Other

- Less-Than-Container Load (LCL)- A term that means that freight is loaded in a container with other freight that may be owned by multiple, different parties with different [Bills of Lading](#).
- Full Container Load (FCL)- A term that means that all goods in a container are listed on a single [Bill of Lading](#) and as such are owned by a single party. It does not matter how full the container is.
- Open top containers have an open top covered by a tarpaulin instead of a solid roof. This enables oversized cargo such as timber and scrap metal to be loaded from the top.
- Roll-on/roll-off (RORO or ro-ro) ships are cargo ships designed to carry wheeled cargo, such as cars, motorcycles, trucks, semi-trailer trucks, buses, trailers, and railroad cars, that are driven on and off the ship on their own wheels or using a platform vehicle, such as a self-propelled modular transporter.
